# of Players	Unlimited
Size of Largest Pieces	48" X 44"
# of Pieces in Kit	4
Completed Size on Asphalt	3'3" x 13'11"
Cans of Paint Needed	1

How to Play

After choosing the hopscotch design that best suits your needs, an unlimited amount of children may play the game. Using a pebble or a small object as a marker, the first player will throw it into square 1. They must then jump over this square and proceed through the numbers until they reach the end where they have to turn around and hop back through the course. Remember when there are two numbers side by side, you can put both feet down at the same time!

Once completing the course with your marker in position 1, you must throw your rock into square 2 and proceed just as before, however this time make sure you jump over square 2 as this is where your marker is. The player will then continue in this manner until he or she reaches the end or until this player either misses the appropriate square with the marker, or if their foot touches a line. If either of these things happens, the player loses their turn and the next player has a go. The first player to have successfully hopped all the way through the course is the winner!
